

Xyanide MOBILE

NOW ALSO IN CLASSIC 2D FOR THAT RETRO TOUCH

Xyanide goes Old School in this stunning Java version.

Taking the 3D shooter back in time, Overloaded have also made this 2D version of Xyanide. More bosses to beat and a totally different feeling brings 'Xyanide Mobile' closer to the Gameboy Advance version. Available for almost every best selling colour device, this version brings Xyanide to the masses.

Pilot and blast your way through the worlds which Aguirra creates and bring her to justice!
