

# BREAK THRU

A REAL ARCADE CLASSIC FOR YOUR MOBILE!

Resistance is here! You have a demanding mission: beat the menacing enemies and reclaim your freedom!

Your friends on the construction site have played a trick on you! While you were asleep they built some walls around you. Luckily, you've played professional baseball and you have your lucky bat and balls with you.

Press the joystick or keys to move the bat. Use the bat to keep the ball in the game and destroy the bricks! Occasionally some bonuses will fall down to help you! Good luck! This game is a premium Overloaded (Symbian) edition: Super gameplay, Super graphics and fast action on your mobile!
