

YIN HUNG

AND THE LOST SOULS

CLASSIC PLATFORM ADVENTURE ON YOUR MOBILE!

You are Yin Hung, the humble young warrior apprentice of the Beautiful Springtime Clan.

The seven Souls of his ancestors, that governed peace and tranquillity, were ripped from their resting places and hidden in distant Worlds. Unrest and sadness are all that remains. A slim hope offers the only light to pierce the overwhelming darkness that has engulfed the hearts of the people. Yin Hung, the chosen disciple of the village masters, must seek out the souls by journeying through seven Worlds.

Using his powerful ponytail to disable foes and swing from branches you must venture to each World to rescue the Souls. Enemies block your path on this honourable quest and will try and prevent you from completing your task.

Free all seven lost souls and restore balance and calm. It will be a long quest, young warrior. Use your powers wisely.
