

XANIM

N-GAGE

FAST AND FURIOUS 3D SHOOT'EM UP FOR YOUR MOBILE

"This is one of the best games for the mobile phone so far!"

<http://www.midletreview.com>

You play as Drake, a fighter Pilot with lightning reflexes, who must escort the condemned witch Aguirra to her execution. Upon arrival an asteroid containing Xyanide, a substance that materialises thought, strikes the execution craft. Aguirra swiftly uses this to her advantage and conjours devastatingly hostile worlds between her and the ship of Drake.

ALSO FOR

XBOX GAME BOY ADVANCE

Xyanide is the exciting new 3D Shoot 'em Up which will soon be available for the XBOX, GameBoy Advance and the mobile phone. In conjunction with Playlogic, Overloaded has developed the Symbian version for the mobile phone and N-GAGE.
